

# COMMUNITY DIRECTOR UPDATE

May 1, 2024

## COMMUNITY NEWS

Welcome sunshine! With the weather finally warming up, more children will be outside playing. Please slow down while driving through the community. Parents, please ensure that your children understand safe crossing habits; stop, look and listen at every corner and never run into a street without looking for cars. Ensure that small children are accompanied by an adult outside at all times. Thank you!

## COMMUNITY UPDATES

In the month of April we welcomed 4 new families. We're thrilled to extend a heartfelt welcome to the Bridgewater, Benabe, Gregory and Covarrubias families as they become part of our vibrant community. Moving to a new place can sometimes feel overwhelming, but we want you to know that you've landed in a special corner of the world at Constitution Park. As you settle into your new homes, we encourage you to explore all the wonderful amenities and resources our community has to offer.

## ***MAINTENANCE TIPS - Furnace Care***

To make sure your furnace is in optimal condition, change out your filter in the top every 3-4 months. We have new ones at the office for free you can pick up. Also, inside your home is a large intake furnace vent, it's located either downstairs in the hallway ceiling or the top of the wall, or upstairs in the ceiling in the hallway. That vent collects a lot of dust so we recommend cleaning that with a vacuum hose or duster at least twice a year so you can literally breathe easier. Cleaning the dust from your ceiling fans and exhaust fans is also recommended. And please don't forget to test your smoke alarms.

## ***RESIDENT FEEDBACK SURVEYS (Satisfacts)***

"Maintenance was friendly and professional as always. Outstanding service."  
"The guys that are doing the maintenance need a pay raise! They are the best."
